

How to tell if Tuning Adapter is configured properly with DCR unit.

Go to Start/All Programs/Hauppauge WinTV/ and click on WinTV-DCR- Web Interface

On the Web Interface click on Status Menu. You will under Summary if the Tuning Adapter is ready.

The screenshot shows the web interface for a Hauppauge OpenCable Receiver. It is divided into two main sections: a 'Status Menu' and a 'Summary' section.

Hauppauge OpenCable Receiver
Status Menu

- [Summary](#)
- [System](#)
- [CableCARD](#)
- [Tuning Resolver](#)
- [Tuner 0](#)
- [Tuner 1](#)
- [Log](#)
